## YOU ARE WELCOME AT MARYVILLE

Maryville is a licensed skilled and intermediate care facility located on the beautiful 43-acre campus of the Sisters of St. Mary of Oregon.

We provide a warm living environment, top-notch healthcare, and stimulating social activities for men and women who need ongoing, caring attention.

Maryville also has an extensive rehabilitation and restorative program encouraging residents to achieve their maximum individual potential. Our rehabilitation services include physical, speech and occupational therapy and are developed to meet each person's individual needs.

“I have been to Maryville four different times now, and I like it so I keep coming back. I value the quality of the care and they are able to help me get better.”

- Former Rehab Client

## MARYVILLE: A PLACE TO LIVE

A full schedule of activities is available at Maryville. Residents can be found meeting weekly with their 8th grade buddy from nearby Valley Catholic School, playing Wii Bowling, making arts and crafts for the holiday bazaar, participating in social gatherings, or joining in many other on-site activities. For those who are a little more adventurous, there are trips to the beach, the gorge, the casino, the zoo, fishing trips, Beaverton's Summerfest Parade and other exciting excursions.

Some of the daily activities include exercise movement group, sing-along, story hour, bingo, sensory programs, creative arts, films, musical guests, entertainers, bell choir, baking, daily Mass and other spiritual programs.

Every effort is made to make all residents feel a part of the community by finding activities that have meaning to them and by engaging them in life at Maryville. To view the monthly calendar of events, please go to [www.maryvillenh.org](http://www.maryvillenh.org) and go to the ACTIVITIES section.

“I was blessed to be in your care as I recovered from pneumonia. I remember, fondly, each individual I met.”
